Work Experience

Jan 2024 - Present

Technomax Systems, Coimbatore

Remo Portal (Client: Al Seer and Byrne)

- Delivered a tailored version of the Remo prototype for Al Seer, focusing on creating a centralized portal for document management and internal communication.
- Co-ordinate with team during critical development phases, ensuring 95% on-time delivery of milestones with high-quality outcomes.
- Participated in client calls to gather requirements, offer design enhancements, and successfully complete project deliverables as per client expectations.
- Developed and optimized features for document storage and retrieval, streamlining internal workflows and improving employee collaboration.
- Collaborated with cross-functional teams, including UI/UX designers and backend developers, to deliver a cohesive and user-centric portal.
- Performed rigorous testing and debugging to ensure the stability and reliability of the application across different platforms and user environments

Education

BE Automobile Engineering

KSR College of Engineering Tiruchengode.
CGPA: 7.70
